CP CMV100E Forward Plate

Tough Jobs Require Tough Machines

Designed to meet the demands from Rental Companies & Contractors, the CP range offers speed, durability & efficiency.

It Runs, And Runs, And Runs...

CP machines are made to last. One reason for this is the strong frame; another explanation is the belt cover that protects the engines vital parts. The long-life lubrication of the eccentric element contributes to easy maintenance & long service intervals

CP CMV100E Forward Plate	Operating Weight Kg	Centrifugal Force kN	Operating Speed m/min	Plate Size mm	Water Capacity L	Frequency vpm	Engine Model	Rated Power kW	Compaction Depth mm	Compaction Rate m2/hr	Dimension mm
