

After more than 25 years in Australia, Puma 240 Volt air compressors remain a popular choice because of their demonstrated reliability and performance. The updated range now includes a choice of high-flow or high-pressure models in both the standard 10 Amp and heavy-duty 15 Amp motor categories.

P13 - 2.2 hp / 60 L / 145 psi

P15 - 2.2 hp / 60 L / 200L/m FAD

P17 - 3 hp / 60 L / 145 psi

P20 - 3.2 hp / 75 L / 320L/m FAD

- High output Puma compressor pumps
- Genuine TECO electric motors
- Large air receivers
- Puncture proof tyres
- Filter/regulator with Nitto-style outlet
- 12 month warranty

Model	Pump Displacement *		Free Air Delivery *		Pressure		Pump Model	Pump Speed rpm	Motor Power		Req'd Circuit Amps	Tank Volume Litres
	cfm	L/min	cfm	L/min	psi	kPa			hp	kW
